

## Saints

This year, you have the opportunity to choose a special saint for yourself as your Confirmation saint. This saint should be a saint that is special to you. Someone you want to talk to in your prayers. Someone whose life is an example for you. Someone you want to learn from. Someone you admire. To help you, we will have a saint for every week. Many times we will have 2 who are connected somehow. This is to help you know about more saints. You may already know who you want for your Confirmation saint. That is great! But listen to the stories of the saints to know what it is that they did. God calls each one of us to be a saint. God wants you to be a saint. The lives of the saints help us to see how it can be done. But we each have our own mission and path to Heaven. We each have our own way to be a saint. What will yours be? Your special saint can help. You already have at least one saint that is special to you: the saint for the day you were born! On Nov. 1 we will look those up. Many of you also may have a special saint associated with your name. Sometimes more than one. Maybe we can find that saint, too!
