Name something your parish does to welcome others and help people in Jesus' name. You can get some ideas from your parish bulletin.

MY FAMILY

Our families are very important in helping us to grow in faith. In our families, we first learn that we are God's children. We learn this through our families' love and care for us. Our families show us how to live as disciples of Jesus. They help us to learn about our Catholic faith.

Draw a picture of your family here, or paste in a photograph.
Remember to include yourself in your picture!

Disciples Sharing What are some ways your family shows you the love of Jesus? They can be things your family members say and do.

Do you have a picture from your Baptism? If so, paste it here! Or take a picture of the clothes you wore, your baptismal candle, or a special keepsake, and paste it here.
