

## Saints

Saints are people who have died and that we are fairly certain are in Heaven with God. Because saints are with God, they can pass your prayers to God, just as a friend on earth might help you. Saints are also good examples for us of how to live. They can help guide us. This year, you have to opportunity to choose a special saint as your Confirmation saint. We will be talking about a saint in every class to help you know more saints. Knowing more about saints can give you more ideas of how to follow God.

God calls each one of us to be a saint. God wants you to be a saint. The lives of the saints help us to see how it can be done. But we each have our own mission and path to Heaven. We each have our own way to be a saint. What will yours be? Your special saint can help. You already have at least one saint that is special to you: the saint for the day you were born! Many of you also may have a special saint associated with your name. Sometimes more than one.
